**The 2025 Annual Survey of Coalitions is

The data collected from the survey informs trainings, technical assistance, and prevention research while strengthening advocacy efforts at the national level. By ensuring strong participation from Michigan coalitions, we can help shape the

resources and support available to our communities!

The survey takes less than an hour to complete and should be filled out by someone familiar with your coalition's day-to-day activities. Plus, participants have a chance to win gift cards or discounts for CADCA's Mid-Year Training institute! The survey is open through May 2025—click the button below to complete it today.
