MCBAP announces Zoom session "How to Register for a MCBAP Development Plan in Certemy"

A big thanks to everyone who has shared with MCBAP that using Certemy for the first time can be daunting! The insights we've gained from this feedback has helped us better align our services to meet your needs. We're pleased to introduce a new Zoom course entitled *"How to Register for a MCBAP Development Plan in Certemy."*

Please encourage your new employees and interns to register for an upcoming session. Supervisors are encouraged to attend as well to learn additional tips and tricks to support supervisees. Greetings Capacity Builders!

With six months left in our current Coalition Support & Community Change (C3) Program, I'm grateful for the opportunities to work with so many people across Michigan serving their local communities. So far we have been able to reimburse you collectively \$714,912 for capacity building prevention activities.

Sept 26: Prevention Network is hosting an OPEN HOUSE at our office in Lansing, 1-3pm. We'll have light refreshments and you can meet our board and team.

Fostering a culture of growth means transparency and more openness to questions. If you want to see behind-the-scenes for any of our programs, you're invited. Might as well schedule a visit to your state senator or representative while you're in town. Free off-street parking. Individuals not up-to-date on Covid vaccinations are required to wear masks.

There are a hundred different training opportunities available. Share yours on Michigan's CADCA forum or email ruths@preventionnetwork.org to have it added to [Prevention Network's Training & Events Calendar](#).

Sept 14 & 28

During the September, we are repurposing our Capacity Builders Workshops to strengthen your networks.

We will resume Capacity Builders Workshops in **October 12 & 26** with **Doreen Turk-White**, as we gain insight into the history and foundations of Michigan prevention coalitions. Participants attending live workshops are eligible for 1.5 CEU through MCBAP.

[Click here to listen to Prevention Navigators](#) - our monthly podcast. I visit with an expert on Substance Use Prevention in Michigan for about 20 minutes on a variety of topics. These conversations form the basis for our Capacity Builders' Workshops.

[Click here to visit the CADCA Forum](#) - If you live or work in Michigan, you are eligible for free access to join 1,694 others doing prevention work in the online community hosted by CADCA. We share announcements, job postings, data sources, research, policy guides, vape interventions and the joys and struggles of working our way upstream for substance misuse prevention.

I hope you had a great summer!
