## **LOOK**

### **The University focuses on opioid/overdose prevention and is taught by experts at U of M.**

It empowers non-prescribing providers (e.g., nurses, social workers, medical assistants) to directly impact the ongoing opioid crisis in the United States through increased knowledge and tools that will transform practice and policies.

## Syringe service programs in Michigan

Expanding SSPs statewide means more resources for users, along with safer and cleaner communities. These maps show the SSP locations in Michigan by county and congressional districts.

## PDO Grantee Highlight Leaders Advancing and Helping Communities (LAHC)

Founded in 1982, formerly known as Lebanese American Heritage Club, began as an athletic organization in Dearborn, Michigan to provide members of the community with an outlet to connect and enjoy soccer. As Dearborn's population increased in the 1980s, it became home to the largest concentrated population of Arab Americans in the United States. The founding members of LAHC realized the need to expand the organization's programs to adequately respond and address those growing needs. LAHC's mission is to empower communities, one family at a time, by advancing the educational, social, health and economic well-being of Southeast Michigan Residents.
