MIHEN Monthly Newsletter

This newsletter will help summarize a lot of the great new things the MIHEN has been working on just for you. As always, if you have any feedback please [email](#) or call {517-393-6890}. Have a wonderful month.

New this month...

1. The Truth Initiative Tobacco/Vape-Free College Program

- The Truth Initiative Tobacco/Vape-Free College Program is offering grants of up to \$20,000 to colleges and universities to support the adoption and implementation of a 100% tobacco/vape free policy. Grantees will receive technical assistance through an in-person training, webinars and one-on-one consultations throughout the grant period. They will also receive programming for student activism and evidence-based cessation for students and employees. This is the first year that Truth Initiative will be expanding the grant to *all* colleges and universities that do not already have a 100% smoke- or tobacco/vape-free campus policy.
- Colleges that have smoke - or tobacco-free policies that do not include e-cigarettes may still apply. To combat the vaping epidemic, Truth Initiative is offering grants of up to \$10,000 to colleges to strengthen their 100% smoke or tobacco-free policies by adding e-cigarettes.
- The deadline to apply is **October 12, 2022 at 5:00 pm ET**. For more information, including the grant guidelines, link to the online application, and informational webinar registration, please visit <https://truthinitiative.org/tobacco-vape-free-college-program>
