New this month...

1. MIHEN Conference Steering Committee

- The Michigan Higher Education Network (MIHEN) is looking to recruit those who do prevention efforts on college campuses to participate in a steering committee for the MIHEN Conference planning. Meetings will be monthly and committee members will be expected to participate in at least 7 meetings. By being a committee member, you will have the opportunity to plan an educational conference for those working in the prevention field on college campuses, along with free registration. If you are interested in participating, please fill out the form below. If you have any questions, you can contact me via email at alexw@preventionnetwork.org or via phone call at (517) 393-6890.
