This newsletter will help summarize a lot of the great new things the MIHEN has been working on just for you. As always, if you have any feedback please [email](#) or call {517-393-6890}. Have a wonderful month.

New this month...

2. Pride Month

- **June is Pride Month!** Pride Month is celebrated each year in June to honor the 1969 Stonewall Uprising in Manhattan. The Stonewall Uprising was considered to be a turning point for the Gay Liberation Movement in the U.S. For more information on the history of Pride Month, view here: [Pride Month: The History and Meaning Behind It](#)
- Those who identify as lesbian, gay, bisexual, transgender, or questioning (LGBTQ) often face social stigma, discrimination, and other challenges not encountered by people who identify as heterosexual. Surveys have found that sexual minorities have higher rates of substance misuse and substance use disorders than people who identify as heterosexual. For more information on substance use and SUDs in LGBTQ* populations, along with stigma reduction, please view the links below.
