4. **Notice of Funding Opportunity.** Prevention Network is looking to award six (6) coalitions \$3,000 each to address specific health disparities specifically related to tobacco, e-cigarettes, or marijuana. Based on prior feedback, we have simplified the application and reporting - the only reporting required for this is a short narrative summary on what you accomplished with the funds and a copy of receipts at the end of the grant. Any coalition focusing on substance misuse prevention can apply! Find more information and the application on our website: <https://www.preventionnetwork.org/c3/>
